# THINGS TO KNOW

## ABOUT CATERING

- In-house catering requires a \$50 minimum food purchase. All in house catering options include earth-friendly serving ware; napkins, cups, plates, forks, spoons, and knives are included, along with condiments.
- Please place your catering order by Monday the week of your celebration to ensure your order will be ready for your event. No orders will be taken the day of your celebration.
- Happy Hollow members receive 10% off celebrations packages and in-house catering. Community and Individual plus memberships receive an additional 5% off in-house catering only. To qualify for discounts on packages or in-house catering, **memberships must be purchased prior to booking your celebration**. No refunds or exceptions.
- if your celebrations guests have special dietary needs, or you are looking for something else not offered on our menu, the "self-catering" food option may be right for you. Bring your own food for a self-catering fee of \$100. All self-catered food items must be fully prepared and cooked prior to arriving at Happy Hollow. Outside food vendors are permitted with prior approval from the celebrations team.
- In circumstances when strict dietary needs affect 10% or fewer members of the party, Happy Hollow will waive the self-catering fee and permit the party to bring food that addresses their dietary requirements. Food items must be disclosed as well as the proposed amount of food that will be brought to receive approval.
- Food will be removed from your celebration 15 minutes prior to the end of your event.
